Equipment Rental & Liability Release Agreement

I have accurately represented the above listed information and it is true and correct. I will not use any of the equipment to be provided to me during this transaction until I have received instruction on its use and I fully understand its use and function. I agree to verify that the visual indicator settings to be recorded on this form for downhill ski equipment agree with the number appearing in the visual indicator windows of the equipment to be listed on this form. I accept for use AS IS the equipment listed on this form and accept full financial responsibility for the care of the equipment while it is in my possession. I will be responsible for the replacement at full value of any equipment rented under this form but not returned to the **Blandford Ski Area LLC** rental facility. I agree to return all rental equipment by the agreed date. I understand that the binding system cannot guarantee the user's safety. In downhill skiing, and snowboarding with ski boards equipped with release bindings, the binding system will not release at all times or under all circumstances where release may prevent injury or death, nor is it possible to predict every situation in which it will release. In snowboarding, skiboarding with skiboards, snowblading, and other sports utilizing equipment with non-release bindings, the binding system will NOT ordinarily release during use; these bindings are not designed to release as a result of forces generated during ordinary operation. I understand that a helmet designed for recreational snow sports use will help reduce the risk of some type of injuries to the user at slower speeds. I recognize that serious injury or death can result from both low and high energy impacts, even when a helmet is worn. **I AGREE TO RELEASE AND HOLD HARMLESS BLANDFORD SKI AREA LLC, ITS EMPLOYEES, OWNERS, AFFILIATES, AGENTS, OFFICERS, DIRECTORS AND THE EQUIPMENT MANUFACTURERS AND DISTRIBUTORS OF THIS EQUIPMENT** (collectively "PROVIDERS") from all liability for injury, death, property loss and damage which results from the equipment user's participation in the RECREATIONAL SNOW SPORTS for which the equipment is provided, or which is related in any way to the use of this equipment, including all liability which results from the NEGLIGENCE of PROVIDERS, or any other person or cause. I further agree to defend and indemnify providers for any loss or damage, including any that results from claims or lawsuits for personal injury, death and property loss and damage related in any way to the use of this equipment. This agreement is governed by the applicable law of the state of Massachusetts. If any provision of this agreement is determined to be unenforceable, all other provisions shall be given full force and effect. **I, THE ABOVE SIGNED, HAVE READ AND UNDERSTAND THIS EQUIPMENT RENTAL & LIABILITY RELEASE AGREEMENT AND I AGREE TO BE BOUND BY ALL TERMS & CONDITIONS.** If equipment user is a minor, I verify that I have the authority to enter into this agreement on behalf of the equipment user.

I Have Read and Understand This Equipment Rental & Liability Release Agreement.

User's Signature: _____ Date: _____

If a minor, signature of parent or guardian is required.

Parent/Guardian: If equipment user is a minor, I verify that I am the parent or guardian of the minor, and I have authority to enter into this agreement on behalf of the equipment user and I agree to be bound by the terms and conditions of this agreement.

Parent/Guardian's Signature: _____ Date: _____

The signature of one parent or guardian bind both parents concerning any losses they might have.

Classify Yourself

DETERMINING YOUR SKIER TYPE IS YOUR RESPONSIBILITY

Your Skier Type, height, weight, age, and boot sole length are used by the shop technician to determine the release/retention settings for your bindings. Consult these descriptions to select your classification. Be sure to provide accurate information. Errors may increase your risk of injury.

Type I

Cautious skiing on smooth slopes of gentle to moderate pitch

Skiers who designate themselves as Type I receive lower than average release/retention settings. This corresponds to an increased risk of inadvertent binding release in order to gain releasability in a fall. This type also applies to entry-level skiers uncertain of their classification.

Skiers not classified as Type I or III

Type II

Skiers who designate themselves as Type II receive average release/retention settings appropriate for most recreational skiing.

Type III

Fast skiing on slopes of moderate to steep pitch

Skiers who designate themselves as Type III receive higher than average release/retention settings. This corresponds to decreased release-ability in a fall in order to gain a decreased risk of inadvertent binding release.

(This classification is not recommended for skiers under 48lbs.)

If from experience, you have been dissatisfied with the release/retention settings that result from your skier classification, mention this to your binding technician.
